ITINERARY

Day 01

- 1 We will pick you up at 8:30 in the morning from your Hotel in Cusco with all the biosafety protocols. Our transport will take you to the south of Cusco to the town of Cusipata. The transfer lasts an average of 1 hour 40 minutes on the Cusco-Sicuani highway.
- 2 We will arrive at our Destination "Cusipata River Lodge". Upon arrival you will find all the needed facilities: toilets, dressing rooms, sauna and lockers. Then you will be provided with all the rafting equipment: helmet, life jacket, wetsuit and a waterproof jacket, which have all been sanitized under biosecurity protocols.
- 3 You will be transported up river where the guides will provide you with all the necessary information and then proceed down the river tour in self-evacuating inflatable rafts for an approximate time of 2 hours. The rapids in this section are class III and III + - we also send a safety kayaker.
